About Us

CHRIST (Deemed to be University) was born out of the educational vision of St. Kuriakose Elias Chavara, an educationalist and social reformer of the 19th century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831, which administers CHRIST (Deemed to be University). Established in 1969 as Christ College, it undertook pathbreaking initiatives in Indian higher education by introducing innovative and modern curricula, insistence on academic discipline, imparting Holistic Education, and adoption of global higher education practices with the support of creative and dedicated staff.

The multi-disciplinary University, which focuses on teaching research and services, offers Bachelor, Master, and Doctoral programs in humanities, social sciences, science, commerce, management, education, law and engineering to over 27000 students.

The Bangalore Yeshwanthpur campus is a living example of harmonious multiculturalism, with students from all states, union territories, and around 60 countries. A promoter of sports, music, and literary activities, it is a nurturing ground for creative excellence.

From the Vice - Chancellor's Desk

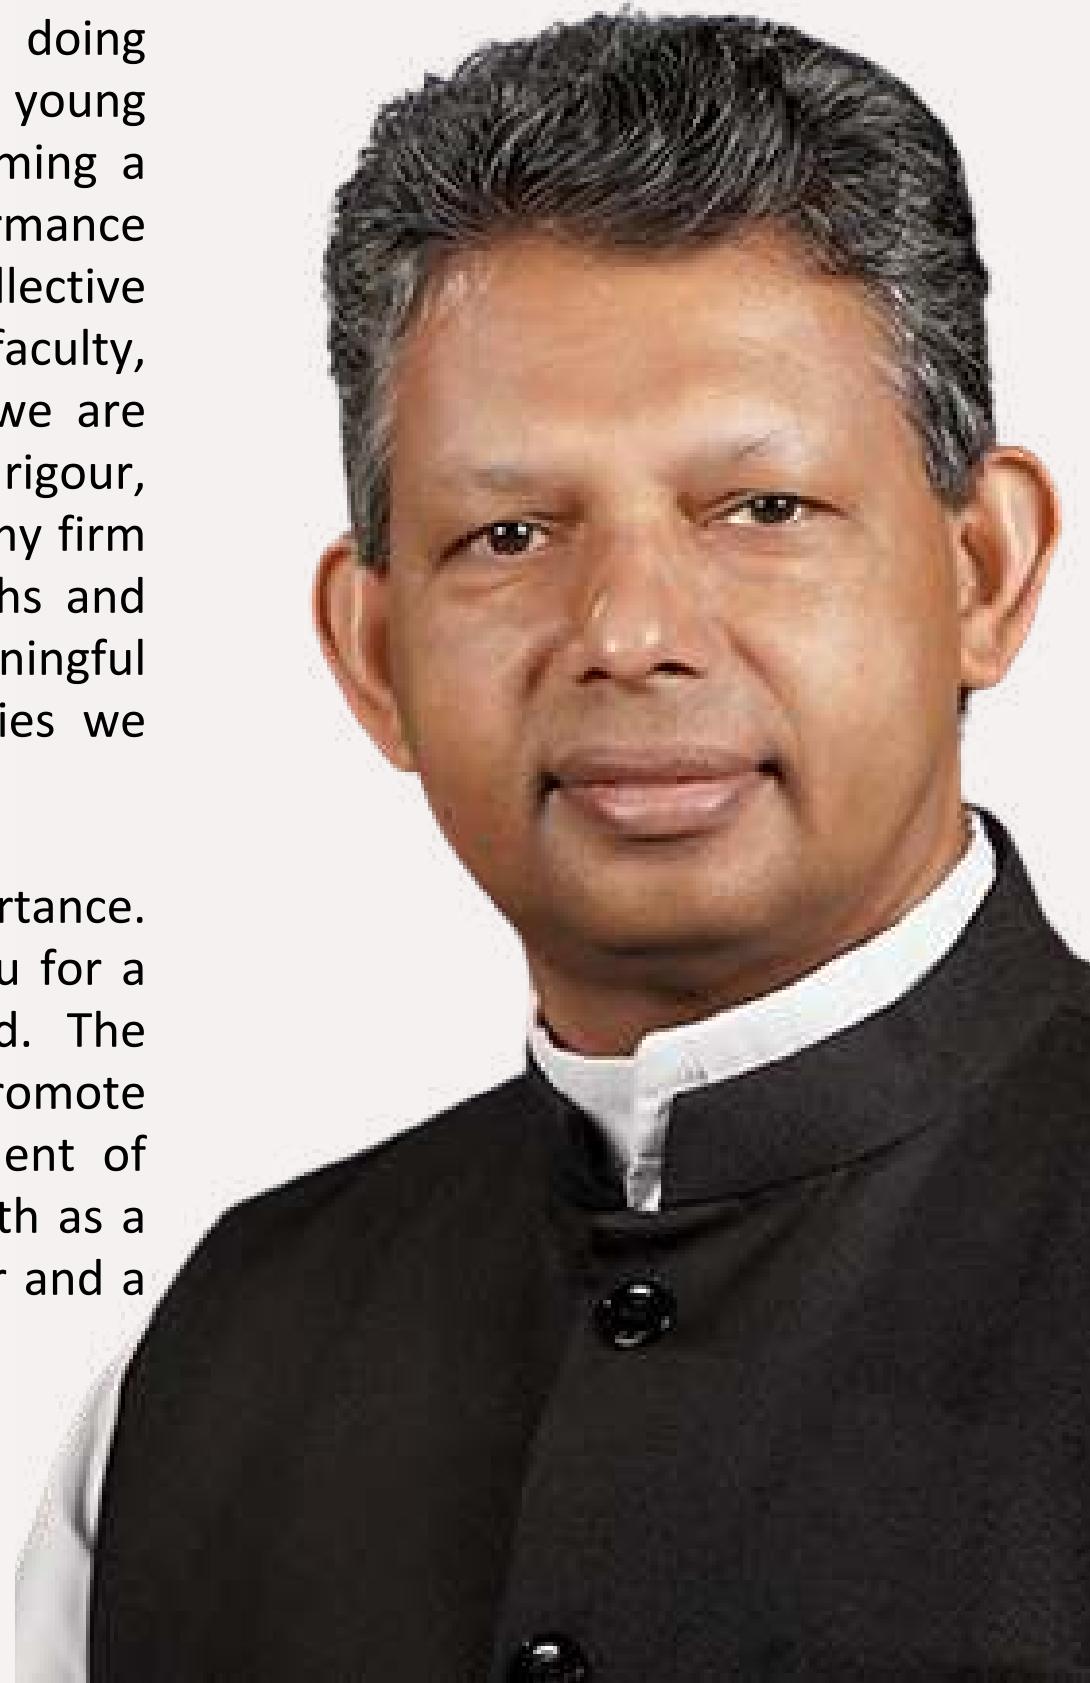

A delightful welcome to you to CHRIST (Deemed to be University)!

It is always this time of the year which brings us great joy and hope of a new beginning. As all the campuses spiritedly gear up to welcome another batch of fresh minds into the portals of the University, I would like to welcome all of you to be part of our growth. With your vibrant thoughts and fresh ideas, you would help us manifest our University Vision of "Excellence and Service".

CHRIST is driven by the Vision, Mission, Core Values and Graduate Attributes that the Christites have assimilated as a habit. We are convinced now more than ever, when we have celebrated fifty-four golden years of our existence with fifteen years as a University doing yeoman service to Indian Higher Education and young people worldwide, that our aspiration to becoming a world class University of eminence with performance and distinction is indeed achievable. With the collective talent, dedication and accomplishments of our faculty, staff and students that define our University, we are recognized for our commitment to academic rigour, research excellence and holistic education. It is my firm belief that by harnessing our collective strengths and embracing innovation, we can make meaningful contributions to the world and the communities we exist in.

At CHRIST, holistic training is of paramount importance. We believe that education here will prepare you for a highly diverse, networked and dynamic world. The whole person training facilitated here will promote academic, personal and professional development of every Christite. In short, we facilitate your growth as a diligent student, a team player, an ethical leader and a conscientious citizen.

**Dr. Fr. Joseph CC
Vice - Chancellor**

From the Campus Director's Desk

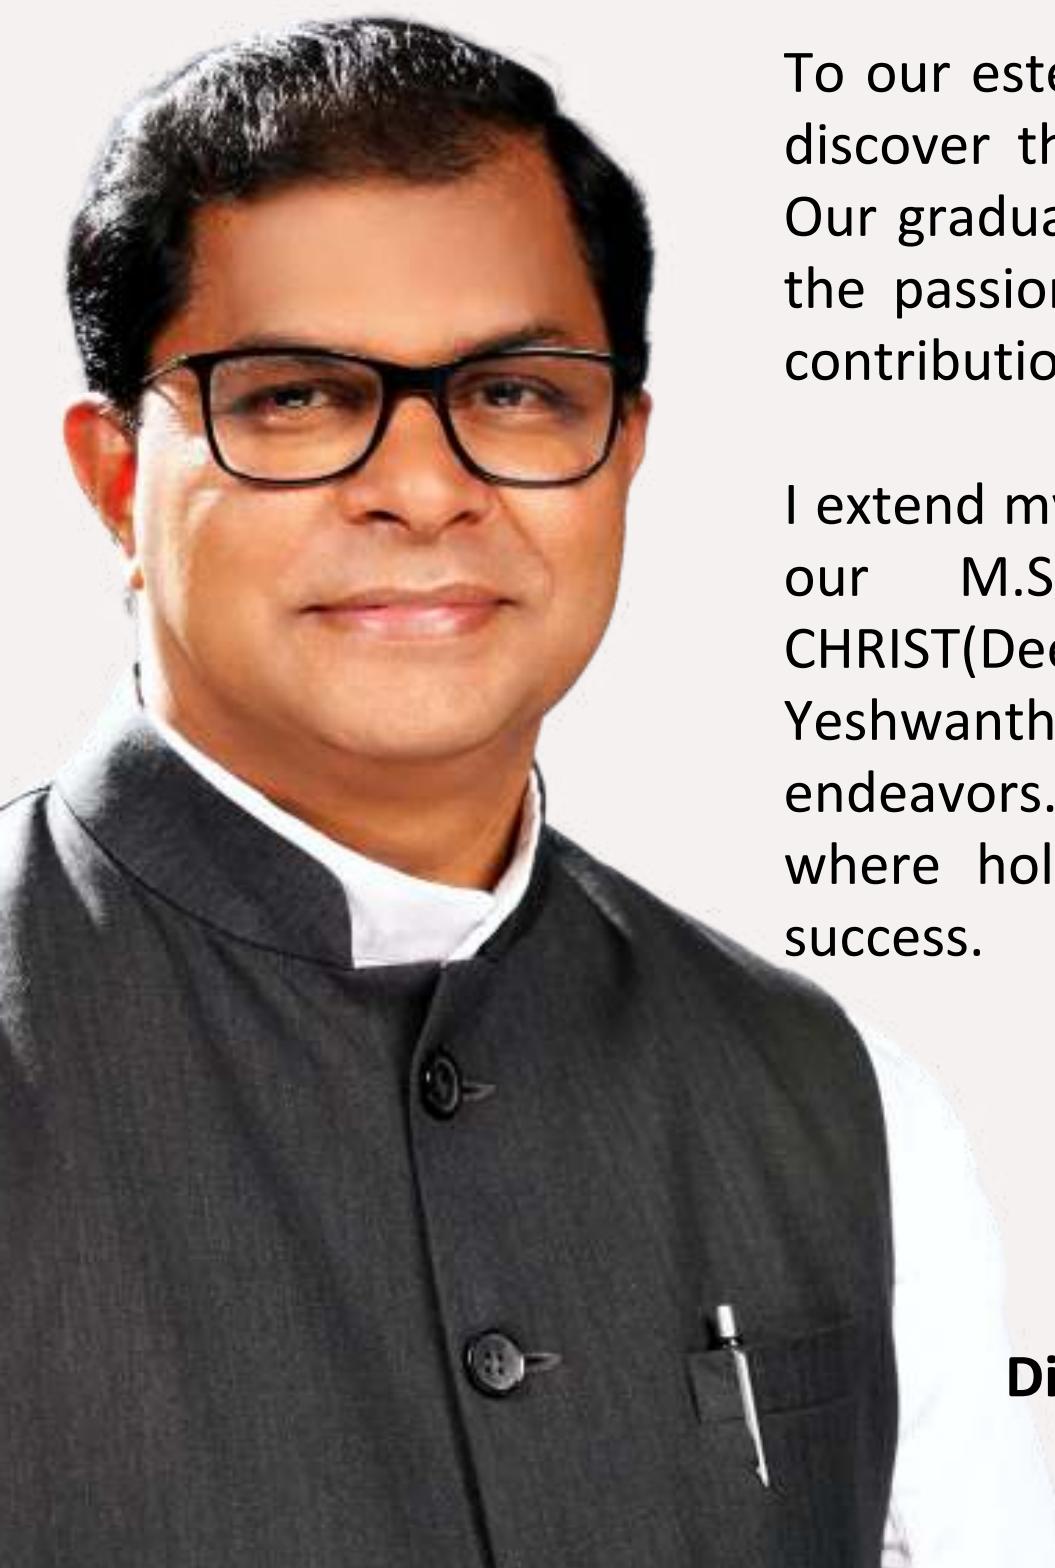

Greetings from CHRIST (Deemed to be University), Bangalore Yeshwanthpur Campus!

It is my pleasure to introduce our M.Sc. (Data Science) programme, a testament to our commitment to developing technically adept and well-rounded professionals. Our M.Sc.(Data Science) program is meticulously crafted to equip students with the knowledge and skills to navigate and excel in a data-driven world. Through a curriculum that integrates rigorous academic learning with hands-on experience, our students evolve into proficient data professionals capable of deriving insights from complex datasets and converting them into actionable solutions.

To our esteemed recruiters, I extend an invitation to discover the exceptional talent nurtured at CHRIST. Our graduates are experts in their fields and possess the passion and determination to make meaningful contributions to the world.

I extend my sincere thanks in advance for considering our M.Sc. (Data Science) students from CHRIST(Deemed to be University), Bangalore Yeshwanthpur Campus, in your recruitment endeavors. Together, we can shape a brighter future, where holistic development is the cornerstone of success.

Dr. Fr. Benny Thomas
Director, Bangalore Yeshwanthpur Campus

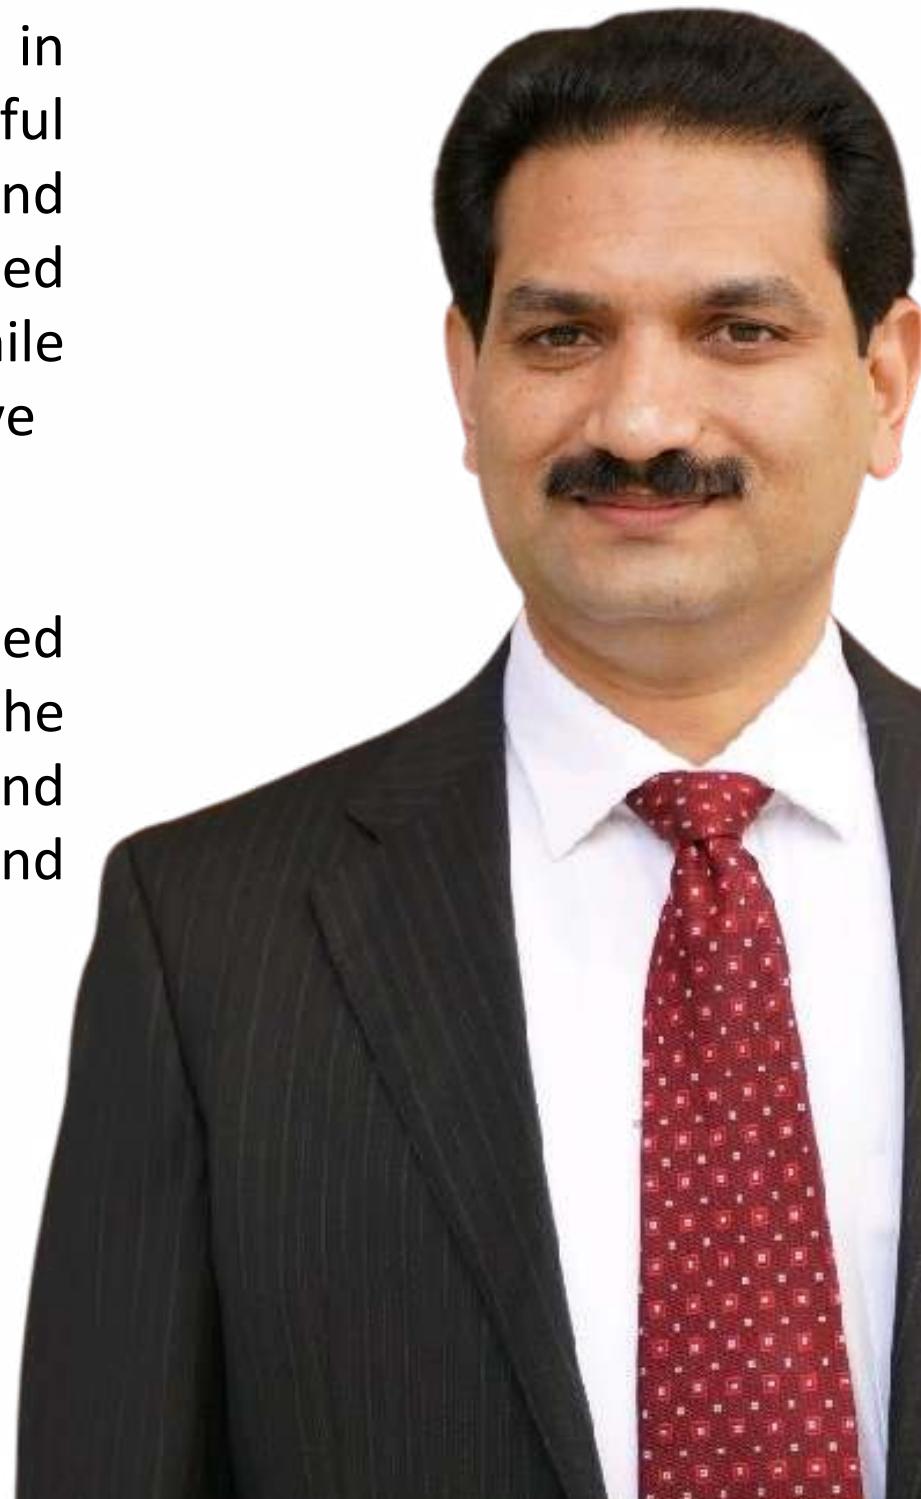

From the Campus Dean's Desk

Dear Esteemed Industry Partners,

CHRIST (Deemed to be University) is dedicated to shaping society through an educational approach that nurtures creativity, innovation, and social responsibility. The M.Sc. (Data Science) program at CHRIST (Deemed to be University), Bangalore Yeshwanthpur Campus, extends beyond algorithms and coding. Our mission is to blend knowledge with values, skills with character, and aspirations with purpose, striving to cultivate students who not only excel academically but also grow into compassionate, responsible, and ethical leaders.

Our students are primed to be lifelong learners in an ever-evolving world. Through meaningful engagements with faculty, industry experts, and the broader community, our students are trained to extract insights from complex data while embracing principled decision - making, effective communication, and critical thinking.

We extend a heartiest welcome to our esteemed recruiters to visit our campus to support for the 2024-2025 placement season. We value and appreciate your continued collaboration and support.

Dr. Joby Thomas
Dean, Bangalore Yeshwanthpur Campus

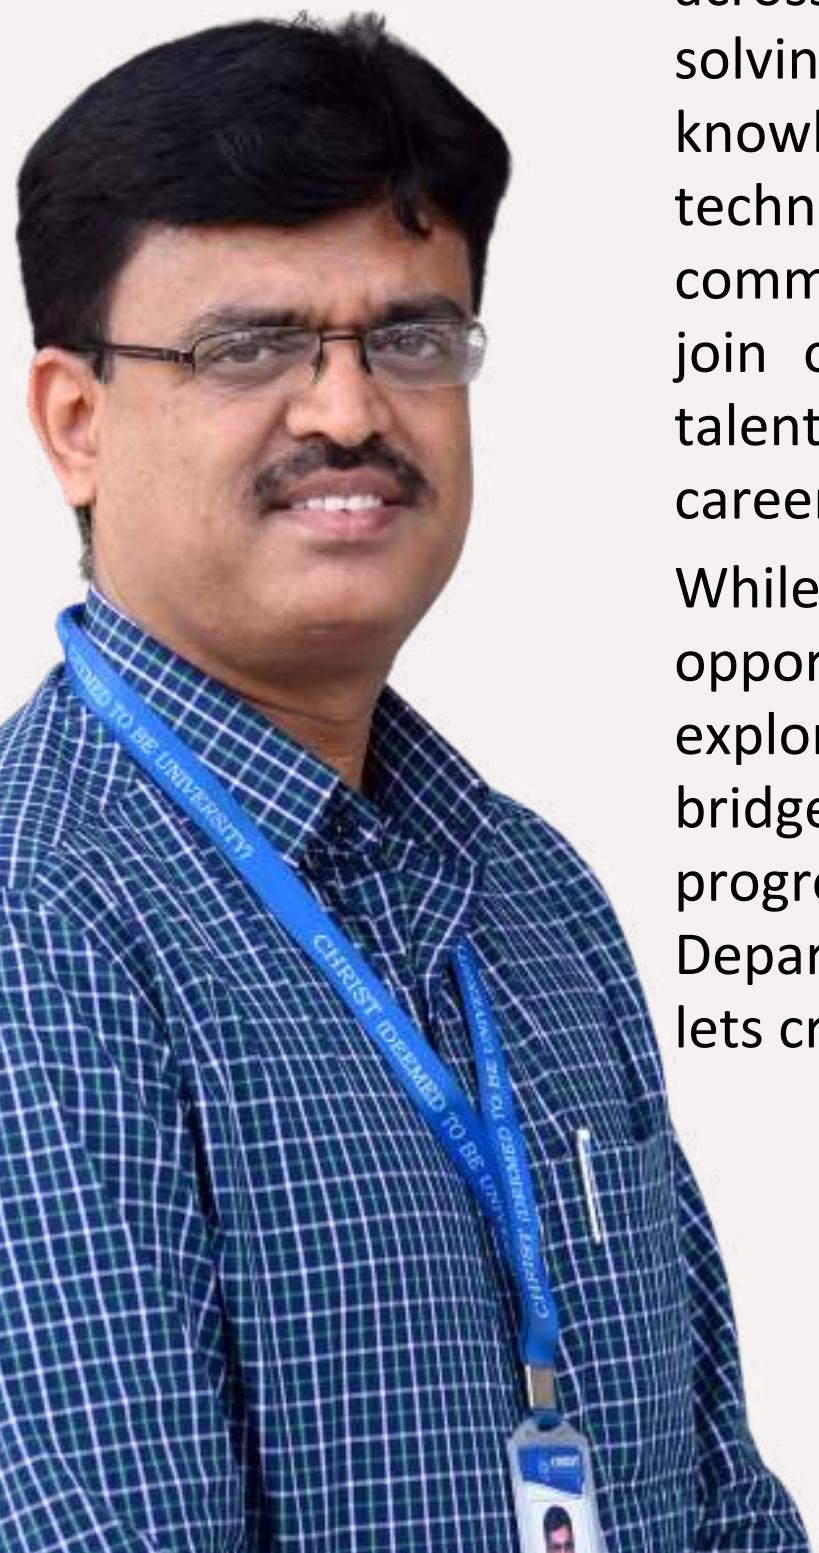

From the HoD's Desk

Greetings from Department of Computer Science, CHRIST (Deemed to be University), Bangalore Yeshwanthpur Campus!

We are excited to invite you to collaborate with us in shaping the future of our outstanding M.Sc.(Data Science) students. Our department is committed to imparting a profound understanding of fundamental principles alongside cutting-edge technologies. With a comprehensive curriculum, industry interactions, hands-on projects, and ample research opportunities, our graduates emerge as skilled professionals and innovative thinkers, poised to excel in the rapidly evolving tech landscape.

Our alumni have consistently distinguished themselves across various industries, renowned for their problem-solving abilities, adaptability, and strong foundational knowledge. By hiring our students, you gain not only technical expertise but also enthusiasm, curiosity, and a commitment to positive contributions. We invite you to join our placement process and connect with these talented individuals at the start of their promising careers.

While recruiting our students, you will have the opportunity to witness their potential firsthand and explore meaningful collaborations. Your involvement bridges the gap between academia and industry, driving progress and fostering innovation. Consider our Department as your strategic talent partner. Together, let's create a brighter future for the tech industry.

DEPARTMENT OF COMPUTER SCIENCE

The Department was established in 1990 (Central Campus) and in Yeshwanthpur Campus in 2022 with a curriculum aligned with industry expectations and research. The department also provides opportunities to work on collaborative projects with industry and international universities, faculty expertise in recent technologies, and Alumni support are some of the department highlights. The Department of Computer Science of CHRIST (Deemed to be University) strives to shape outstanding computer professionals with ethical and human values to reshape the nation's destiny. The training aims to prepare young minds for challenging opportunities in the IT industry with a global awareness rooted in Indian ethics and values.

INHERITANCE

The Department of Computer Science, CHRIST (Deemed to be University) – Bangalore Yeshwanthpur Campus recognizes the critical importance of bridging the gap between academic learning and real-world industry practices within the field of Data Science. To facilitate this transition and equip our M.Sc. (Data Science) students with the necessary skills and knowledge to excel in the industry, the Department is initiating a comprehensive Industry Mentorship Program.

This program aims to connect our students with successful industry professionals across diverse fields within Data Science, fostering mentorship relationships that will enrich their understanding, refine their skills, and prepare them for thriving careers in the dynamic landscape of data-driven industries.

This scheme aims to create a symbiotic relationship between academia and industry, fostering a culture of collaboration, knowledge sharing, and skill development for the holistic growth and success of our M.Sc. (Data Science) students in the realm of Data Science.

Program Outcomes

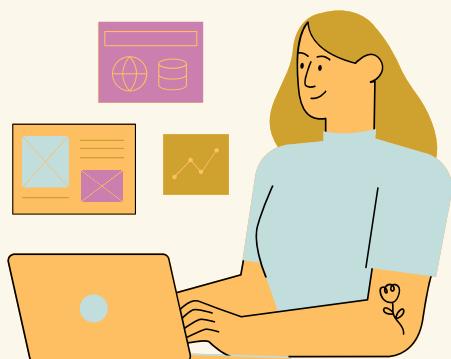

Abstract thinking

Ability to understand the abstract concepts that lead to various data science theories in Mathematics, Statistics, and Computer science.

Modern Software Tool Usage

Acquire the skills in handling data science programming tools for problem-solving and solution analysis for domain-specific problems.

Professional Ethics

Understand and commit to professional ethics and cyber regulations, responsibilities, and norms of professional computing practices.

Applications in Multidisciplinary domains

Understand the role of statistical approaches and apply the same to solve real-life problems in data science.

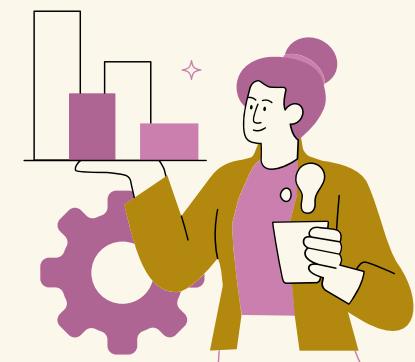

Problem Analysis and Design Ability

To identify, analyze and design solutions for data science problems using fundamental principles of mathematics, Statistics, computing sciences, and relevant domain disciplines.

Innovation And Entrepreneurship

Produce innovative IT solutions and services based on global needs and trends. a subheading.

Individual and Team work

Function effectively as an individual, member, or leader in diverse teams and multidisciplinary environments.

Project Management

Apply the research-based knowledge to analyze and solve advanced problems in data science.
